**D**ear Partner,

Warm greetings!

God willing, by the time you receive this newsletter I will be in **Cincinnati**.

## The UK

**C**urrently, I am in the **United Kingdom** in the city of **Oxford**, having just completed a weekend of ministry. I ministered in church services in Oxford and **Birmingham** and tomorrow I depart for the USA.

**Pastor Billy and Rose Tengwana** hosted me. I taught Billy at Bible School for three years in **Harare** in the 90's, and since then he has planted churches in Zimbabwe and in England.

There are now approximately one million+ **Zimbabweans** in England.

I was amazed at how God moved during the services. People were deeply ministered to by the Lord. A number were baptized in the Holy Spirit with the evidence of speaking in an unknown tongue. God is ever gracious. What we need to do is call upon Him, expecting to experience Him!

## The States

**P**at, the kids and I are looking forward to seeing you during our trip. We plan to extend our stay through the summer and into the autumn months to visit with as many as possible.

## The Message

**D**uring the services in Oxford, I preached that God has a clear picture of how we should look. He also knows how to develop Christ's image in us, often taking us through dark places where He turns our negatives into positives.

In Birmingham, I preached on discerning the times.

We hope to see you soon! Thank you for your gracious support!
