Dear Partner

Warm greetings and best wishes!

Exciting News

After much prayer, waiting on God and consultations with our pastoral partners and trustees, Pat and I believe it is time to relocate our mission to the United States. This is a major decision for us after 22 years in **Africa** and a decision that we wish to communicate with you, our beloved partners.

We plan to establish a **Global Outreach (GO) Center** and a mission-oriented church in the **Tri-State area**. The center and church will emphasize the Great Commission and the equipping and sending of teams to the nations. Our vision is *reaching up, reaching in and reaching out*. It is a day of
new beginnings.

GO Center

The mission center will sponsor trips to Zimbabwe and other nations. Our oldest son, **Johnathan**, will complete five years of ministry training in December and will help coordinate the work of **Uttermost Missions**.

Johnathan has a big heart for missions and relief work. Uttermost Missions

plans to continue its support of orphans in **Zimbabwe** through our **Food Aid Initiative Touching Heaven (FAITH)**. Things have never been worse in Zimbabwe and yet we've been able to do more to help those who are most vulnerable there (the orphan children) by sending support from here. We hope by God's help to do far more in the days to come.

Since we've spent twenty-one years developing a non-denominational mission society, we feel it is vital that the next generation has every possible opportunity to go and complete the task of world evangelization. The needs are great but so are the opportunities. We feel that God would have us multiply ourselves into the next generation by equipping and sending committed individuals and couples to the nations.

Much More Now

More than ever Pat and I need your prayers, financial support, and involvement. Please e-mail us and share your thoughts, and pray concerning what the Lord would have you do. I am convinced that God has opened a great and effective door of ministry and that our most fruitful days are before us!

Thank you for standing with us!

Lots of Love
